

luring scents

body art
comes alive with aromatic flare

Spring sings with color, light and the sweet scent of nature's faithful rebirth. Sweeping wafts of ginger, rose or lemon tease our noses, and our senses awaken as crèmes, shimmers and lotions promise to revive and nurture our soles, er, souls. Olfactory hues sweetly taint the air, as we slather ourselves with the most fragrant behind-the-scenes potions spring has seen.

FROM TOP LEFT, CLOCKWISE:

Nail Glam by **POP BEAUTY**, Jazzy Glimmer, polish allows your nails to sparkle with spring's best fuchsia, \$12. Nail Glam, color No. 6, sheer nail polish is intense paired with Jazzy Glimmer for an updated French manicure, by **POP BEAUTY**, \$12.
