3 reasons your man should manscape

eBeautyDaily - The Beauty Blog November 27th, 2008 3 Comments

As I'm going to a pretty spectacular Black Friday ball tomorrow night, in-between basting the bird, I'm waxing the (fill in the blank). As I was poetically surgaring my limbs, I realized...it sucks men don't have to do this.

The truth is, some do!

Shobha, NYC's hair removal expert, reveals the top three reasons men go bare down there:

1. To forgo the extra 'five o'clock shadow' and opt for a longer-lasting, smoother solution.
2. To minimize hair and maximize the appearance of *other* 'parts.'
3. To enjoy hairless happiness – men can hate body hair as much as women.

So, I must ask: Do any of you ladies have a man in your life who "manscapes"? How do you feel about that???

*manscape

1. *an expanse of male anatomy that can be seen in a single view: a handsome manscaper*

2. *a picture depicting an expanse of the male physique.*

3. *the branch of art dealing with the representation of the male human body.*

adj.

1. *of or relating to a manscape: manscape treatments.*

2. *of or relating to manscaping: a salon offering manscape services.*

v. man-scaped, man-scaping, man-scapes

v.tr. to adorn or improve (a region of the male anatomy) by grooming &/or by removing
