## Can't Get To Your Fav Wax-ologist: Try This!

A good wax-ologist can be a girl's best friend. But what happens when you need that wax PRONTO and you cant get an appointment??? Ugh! What to do?

Well every power chica on-the-go needs a backup plan that's as good as a salon service. You can take your chances with drugstore quality hair removal products...OR, you can trust your sensitive regions to experts in a box.

### Behold - Shobha Sugaring Kit

Shobha is a premier hair removal salon specializing in threading and sugaring services. If you're not able to make it into one of their **three posh NYC locations**, consider the **Shobha Sugaring Kit**.

After experiencing the kit for myself, I was pleasantly surprised. Sugaring isn't nearly as painful as tradition waxing. Huge difference from my ol Sally Hansen at home kit...HUGE! In fact, there was hardly any discomfort at all with the Shobha Sugaring Kit. The kit comes with everything you need. It's a great solution for regular at home hair removal and for touch ups in between salon visits.

Shobha salon and products have been featured in Vogue, O, Allure, Time Out New York, WWD, Essence, Elle, Redbook...and many many more too numerous to name.

Try the Shobha salon or Sugaring Kit for yourself. Below you will find additional details on the Shobha Sugaring Kit
