Shobha Madhu Mini Kit

Rate it now:

Average rating:

Why It's Good:

The included directions are clear and concise, making this kit a snap to use, even for first-time sugarers.

Why It's Green:

The hair removal formula contains nothing more than sugar and lemon juice, so it's free of nasty chemicals. Plus, the removal strips are made from denim, so they're made to be washed and used multiple times.

Where To Get It:
