### Spa at Home Sunday with Shobha

Truth be told, I'm a total wimp when it comes to hair removal. Still, I'm dying to test out the latest at-home kit from **Shobha**, one of NYC's most beloved spa destinations. The **Sugaring Kit** (above, \$30) includes all of the professional level products used at Shobha's salon, including a **Talc-Free Powder** to prep the skin, the all-natural **Sugaring Gel**, Spatulas for germ-free application and washable & reusable denim strips to remove the sugar formula from the skin. The kit is particularly perfect for legs and even sensitive enough for underarms and the delicate bikini area.

In case at home isn't your thing for hair removal, Shobha also has a GREAT (all caps necessary) deal happening at their NYC locations - **2-for-1 bikinis!** Simply bring a friend (someone new to Shobha!) & save from now through Sunday, February 8th. Use code: 21B0109 if you'd prefer to [schedule online!](#)

Happy Hair Removal!
