Shobha Sugaring Kit

What: Shobha Sugaring Kit (\$30)

Why: Get hair free the easy way - seriously. This easy to use kit comes with everything you need to get rid of unwanted hair. It is also made with natural ingredients and no parabens, dyes, fragrances, petrols, resins & waxes. The powder is even talc free!

Where: Shobha Boutique

Wow: The denim strips are machine washable and it comes with enough microwavable sugaring gel to last you a while. Once you see how easy this is to use you will have a hard time getting rid of hair any other way.

Thoughts: *"I confess. I was terrified to yank up that denim strip but I was shocked to discover that it really*

didn't hurt. It gave me a minor sting but it was somewhat refreshing. The smooth hair-free legs it left behind made me wonder why I waited this long to trash my razor." (Melissa)
