Holiday and Winter Beauty Quick Fixes

When you buy a beauty or skin care product, you want one that addresses a specific problem, efficiently and effectively.

During the winter months, our skin takes a beating - from head to toe.

So, how do we deal with dry, chapped skin, dull complexion, fine lines and myriad other problems?

We've found several products that provide quick fixes to common problems. Find solutions including hangover relief, brightened complexion, roll-on perfume and more.

Holiday & Winter Beauty Quick Fixes

Sugaring Kit ~ \$30 from Shobha

Shobha is well known in Manhattan for its all-natural sugaring gel for pro-quality hair removal, and now you can get the same great treatment at home. The Shobha Sugaring Kit contains a 100% natural sugaring gel (only sugar, lemon juice, water and glycerin), which is a great alternative to wax (less painful!) and sensitive enough for people with delicate skin.

The kit also includes spatulas for applying the sugaring gel, reusable, machine-washable denim strips and talc-free powder. Get smooth, hairless skin without having to find time for a spa during the hectic holiday season! [\[shop now\]](#)
