Shobha Sugaring Kit

At-home waxing has a bungee-jumping level of intimidation.

Shobha's kit lowers it with its denim (yes, denim) strips that are durable and reusable after a machine wash.

Unlike other wax kits, the sugar wax washes right off with soap and water. Like any wax session, it hurts, but it's nothing ibuprofen taken an hour before can't handle.

Available at myshobha.com, \$30.
