

Best Eyebrow Pencil – How to Choose, Apply, Benefits and Secrets for Brow Pencils

Good eyebrow pencil with bundles with a good eyeshadow and eyeliner can give you breathe taking and glamorous looks. They create the most natural, voluminous, smooth looks without the need to go for eyebrow transplants. In this guide, we are going to give you answers to the following areas amongst many others areas:

- What are eyebrow pencils?
- How do you choose eyebrow pencils?
- What are the benefits of brow pencils?
- Are there any best eyebrow pencil brands?
- How do you use eyebrow pencils?
- What are some of the important tips and ideas for using eyebrow pencils?

What Are Eyebrow Pencils

Eyebrow pencils or brow pencils refer to pencil shaped eyebrow makeup used to enhance the appearance of eyebrows. Instead of the normal pencil lead, they have eyebrow makeup and look much the same as [pencil eyeliners](#) or [pencil eyeshadows](#). They are particularly is used to outline, fill, alter, color and define eyebrow. Brow pencils are often applied in areas you want to enhance and in styles, you prefer such as arching your brows beyond their natural top eyebrows, coloring them, changing their shape and so on.

Benefits of Eyebrow Pencils

Are there any benefits of eyebrow pencils? Why should I use them instead of brow tints, dye or powders? The answer is yes. When compared to other [eye makeup](#), brow pencils have many benefits, which include the following:

- Unlike [eyebrow powders](#) their pencil-like shapes makes application very easy and better in filling your eyebrows.
- Eyebrow waxing and plucking could be painful. However, using brow pencils is painless. You do want to go through all that pain while brow pencils can help define and shape your eyebrows.
- The other benefit of eyebrow pencils is their effectiveness in adding volume and depth. They play this role better than [eyebrow tints](#), [dyes](#) or powders, especially to people who have [thin eyebrows](#).
- They are safer to use compared coloring your eyebrows by dying since no [eyebrow dye](#) has been approved by FDA and presents a number of possible risks.
- They are not permanent makeup where you can easily clean them using a good [makeup remover](#) or what and being all over again.

How to Choose Eyebrow Pencils – Buying Tips

There are different best eyebrow pencils in the market. You cannot just buy whatever you find since they are designed to serve various purposes, will help get different looks and they come in different colors. Other than the normal routines for buying any other products of comparing prices and looking for discounts to make a saving, there are important things you need to consider when choosing eyebrow pencils. As we look at how to choose eyebrow pencils, we will cover them. So how to you choose eyebrow pencils?

Consider Eyebrow Pencils Colors

The first consideration that is important is looking at the eyebrow pencils colors carefully and choosing one that will best compliment your facial features such as [hair color](#), [eye color](#), [skin tone](#) and other features you might be having. See more on [how to color eyebrows](#).

Brown and Black Eyebrow Pencils – There are the most common type of brow pencils in the market. They give subtle looks when used in small amounts and can match most of the facial features people have. However, to people who find black eyebrows very harsh, they can go for other eyebrow colors. They might not be ideal for women who have very dark colored eyebrows since they can hardly be noticed unless used lightly and using feathery soft strokes.

Some of the leading black eyebrow pencils you can buy include Maybelline Define-A-Brow Eyebrow Pencil Soft Black, Shiseido Natural Eyebrow Pencil in Natural Black, NYX Auto Eyebrow Pencil, Black, Estee Lauder – Automatic Brow Pencil Duo Refill black or Brown, Rimmel Professional Eyebrow Pencil Black/Brown. Other than Rimmel and Estee Lauder that come in brown too, if you want brown eyebrows additional best brown brow pencil include NYX Cosmetics Automatic Eyebrow Pencil Light Brown, NYX Auto eyebrow pencil in Dark Brown, Rimmel Eyebrow Pencil Dark Brown, IMAN Eyebrow Pencil- Blackest Brown, among many others.

Blonde Eyebrow Pencils – Blond eyebrow pencils is another good color choice you can go for. Some of these brow pencils include the Triangular Eye Brow Pencil – Blonde, Laura Mercier Blonde eyebrow pencil, Too Faced Brow-nie Eyebrow Pencil Blonde-y, Maybelline Define-A-Brow Eyebrow Pencil Dark Blonde among many others.

Many other brow pencil colors exists other than black, blonde or brown and they might include red eyebrow pencils, gray, and any other color you might want. They come in many colors as in the case of [mascaras](#), eyeshadows or eyeliners. For instance if you love red eyebrow pencils you could buy Mystique Eyebrow Pencil, Red Brown as it will give you looks close to red.

Facial Features

Your facial features will play a very important role in choosing the right brow pencils that will flatter your eyebrows. The important facial features you should look at when choosing eyebrow pencils include the following:

Hair Color – People with fair hair color can choose dark brown brow pencils if they want the subtle and very natural looks. Brunettes with eyebrows that are black should go for black eyebrows. Generally, buy one or two shades lighter than your hair color if you want to match the two.

Black and Dark Brown Eyebrows – most women with these colors of eyebrows often go for brown or black eyebrow pencil colors. These colors might not look standing but they are a good option for natural looks. Your beauty consultant could help you in deciding what will best make your dark brown or black eyebrows quite flattering.

Red Eyebrows – most women you have red eyebrows tend to have freckled or fair complexion and red hair. They should go for darker brow pencils colors especially brown. Going for the right brow pencils will make them stunning. Try chestnut brown.

Fair Eyebrows – If you have fair eyebrows and skin, try pencil eyeshadow colors that are a shade or two darker than the color of your eyebrows. This can help define them. Going for a lighter shade will make them invisible.

Blondes – Blondes can go for some of the blonde eyebrow pencils above mentioned above. They should however ensure the specific brand helps define their eyebrows, depending on their skin color. Try one or two shades darker than your skin or eyebrow colors.

Type of Eyebrow Pencils

If you want long lasting brow pencils, you need to go for such brands particularly. For instance, waterproof eyebrow pencils will stay put, smudge or migrate less. People who want waterproof eyebrow pencils could try Some Water Proof Eyebrow Pencil Soft Gray, Retractable Brow Pencil – Waterproof, Smashbox Waterproof Brow Tech to Go, Mecca Cosmetica's Stay All Day Waterproof Brow Colour among many other brands. You could also go for glittery if you want the shimmer looks on your eyebrows such as the Guerlain Silver Glitter Eyebrow Pencil. There are other types of brow pencils to go for.

Eyeshadow brands

When choosing eyebrow pencils, you need to consider the specific brands. There are many best brands in the market and it is only by reading many brow pencil reviews, ratings and user comments you will be able to know which one is ideal.
