

Trendy Thursdays ~ April Must Have Beauty Finds

Each month, we'll showcase our must have beauty finds that you need to include within your list of go to items. With Spring well on its way, you think about freshening up your skincare items as well as ensuring that you have phenomenal cases to put them all in. Fresh spaces are an essential no matter the time of year but when it comes to this time of year, you begin to think about the allergens that creep into your living and work spaces. [Febreze](#) Air Effects Allergen Reducer: Soft & Light not only eliminates tough odors and leaves a fresh scent but it also reduces up to 75% of inanimate allergens that become airborne from soft surfaces. When traveling, Febreze's Sleep Serenity is a great item to travel with to spray across your bedding and to have a great lavender scent to lull you sleep.

All items when traveling (or keeping your vanity clean) fit conveniently within this [C Wonder](#) Large Nylon Travel Case (this will come in handy when the team heads to Tokyo next week and then on to Seattle the following week. [Dove](#) is a tried and true skincare line that leaves your skin glowing while also making sure that it is sensitive and smooth for it as well. Recently, we received a phenomenal gift from the Dove team that focused on their new pistachio body cleanser which is moisturizing. The kit we received is perfect as it allows you have to tools for your nails, a razor, toothbrush and lint brush which is perfect at home or for travel! Dove's Purely Pampering Pistachio Cream with Magnolia is fragrant and gentle and pairs well with Dove's Advanced Care go fresh Cool Essentials Anti-perspirant Deodorant (our personal favorite is cucumber and green tea scent).

When it comes to your skincare needs for your face, especially when you're cleaning your face after wearing makeup - here are some great steps. Use [Shobha's](#) Rosewater cleansing cloths to start the process of cleaning your face. The next step is to ensure that your eyeliner is completely removed (although the wipes do a great job), it is highly suggested that you use [Laura Mercier's](#) Dual Action Eye Makeup Remover - Oil Free. Finally, for a truly deep clean of your skin, sometimes the classics are best.

[Noxzema's](#) Classic Clean Moisturizing Clean Cream.
