Hair Today, Gone Tomorrow

When it comes to the hair down “there,” we’re firm believers in “different strokes...” Some prefer a more paired down look – their lady parts trimmed and coiffed – others like it bare, and then there are those who go au natural.

According to a [recent article](#) in the New York Times, some women are opting towards a more “natural” or “fuller” bikini look and salons are seeing the shift.

So if you choose to groom – or not to groom – HOW you tend your garden is a matter of personal choice. Whether you see a pro for waxing, sugaring or laser, or perhaps opt to DIY, each process will do the job. It’s just a matter of how strongly your nerves and wallet are in facing the pain!
