TRÈS GREEN, TRÈS CLEAN, TRÈS CHIC BOOK PRE-LAUNCH IN NYC

The Soho House turned into a GREEN House on Tuesday night when I gave members and guests a sneak peek at the English-language version of my new book, "Très Green, Très Clean, Très Chic."

Everything was sugar-free, except for my favorite place for a bikini sugaring...[Shobha](#)! Yes, this is the only kind of sugar I advocate 😊 It's like waxing, only much more gentle on the skin and it's *au naturel*, just sugar, lemon juice, water and glycerin. This brow and bikini beauty brand gifted guests with rosewater freshening cloths.
